
My Classroom Management Plan

Reese Wishart

My Philosophy

My Classroom Management Philosophy is being able to adapt to the needs of the student and teacher(myself) when needed. I believe in using Conscious Discipline, Love and Logic, Wong, and Marzano's philosophies all in my classroom. I need a bit of all of those to have a successful and safe classroom.

Relationships+
Discipline +
Engagement
+ Routine =

Great
Classroom
Management

First five-day plan

Day 1- Syllabus, get to know me and you, procedures

Day 2- Classroom contract, reinforce procedures

Day 3- Lesson plan, Homework plan

Day 4- Text book procedure, reinforce lesson plan

Day 5- Homework, next week plan

Making Connections – Letter Home

Welcome

My name is Mr. Wishart, and I will be teaching Algebra 2 this year! A little bit about me; I grew up in Buffalo, Minnesota and I attended college at the University of Mary. I got the chance to play college basketball while I attended the university. I have a black lab named Sophie and two cats, CC and Juno!

Some of my goals this year is to build relationships and connections with my students. I believe students learn best in an engaging environment. I hope to provide students with a safe and welcoming environment.

This year we will be covering many different topics in mathematics and application.

There will be an open house on Friday August 28th from 5:00-7:00 I would love to see you there!

Procedures

Classroom contract

Homework turn in

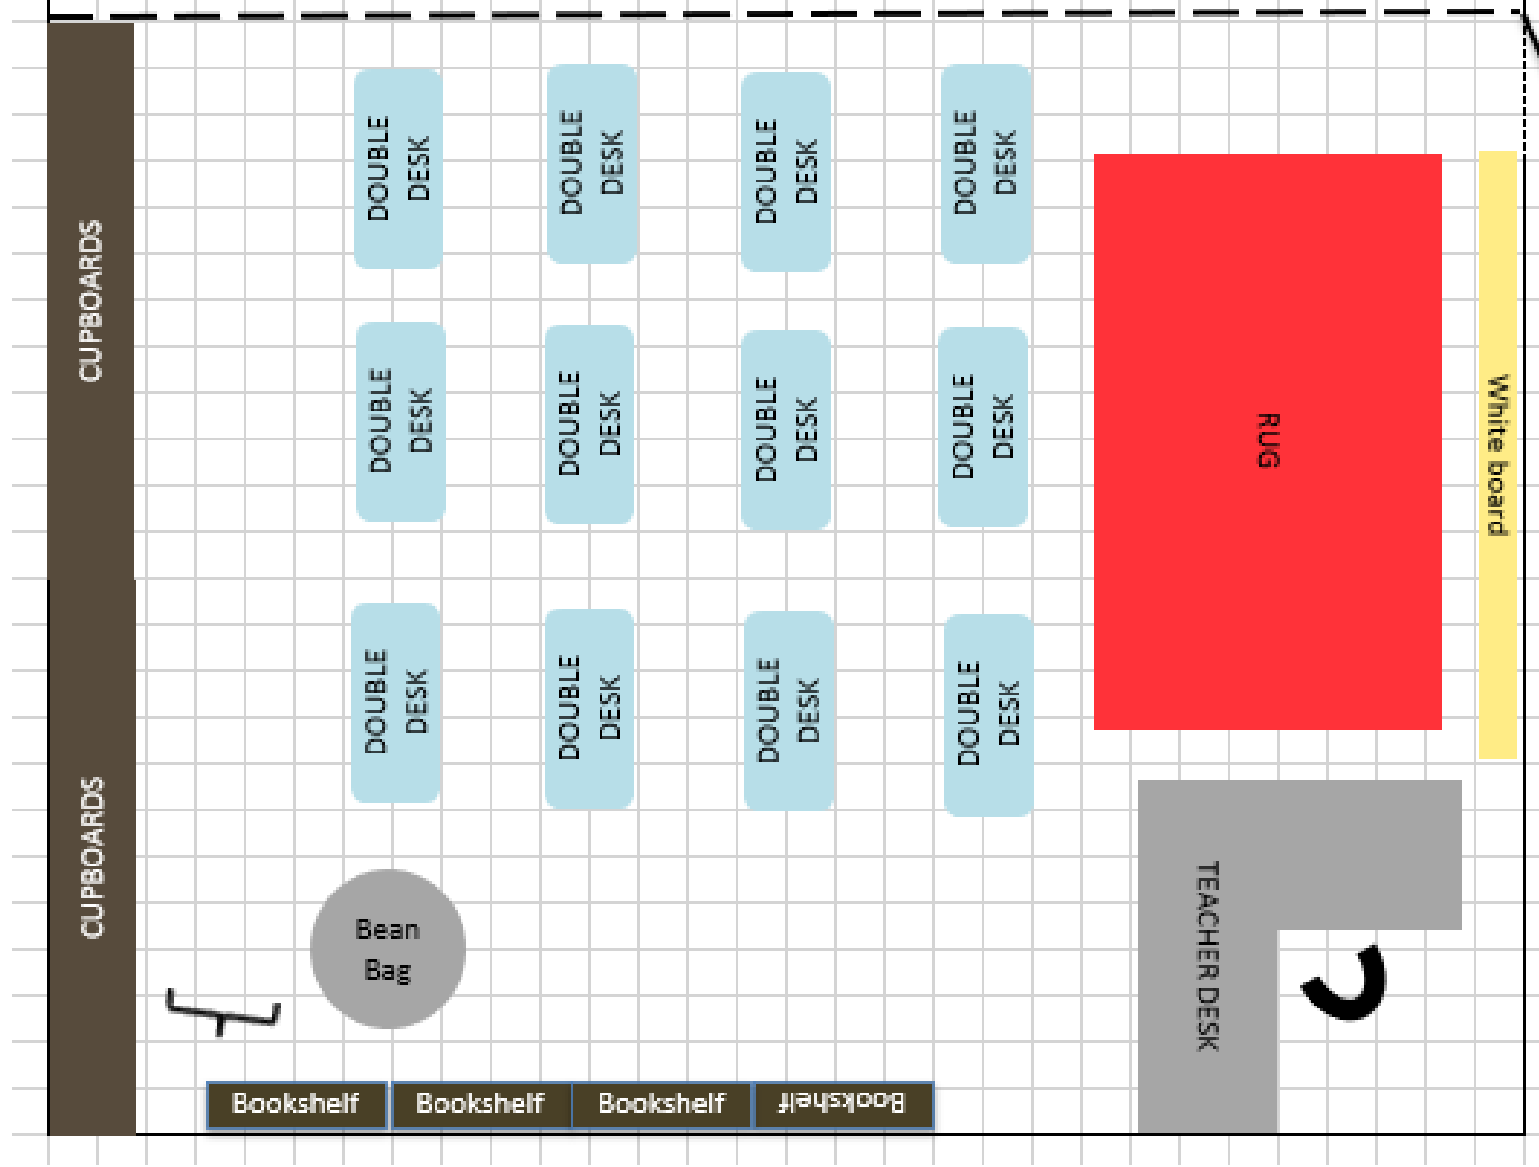

Classroom Family

Safe- environment

Love- relationships

Learn- reassurance
